

Cool Spring Baptist Church
2011 TRIB3 SUMMER MISSIONS
HS & College Age Students
New York City

Who's it for? This trip is for any student who has completed the 9th grade by trip date.

Date of Trip: Sunday, July 17 through Sunday, July 24

Cost: The cost of this trip is approximately \$450 (plus \$ for approximately 4 meals)

Transportation: Travel to New York City from Richmond will be by train. Ground transportation around the city.

Description: Urban Outreach teams involve one-week commitments for Senior High youth groups and their leaders. Teams are based at the Urban Discipleship Center (UDC) in the Bronx, and will have opportunity to assist various inner-city ministries and churches in doing outreach by conducting children's Bible clubs/VBS in the different boroughs of New York City. During the week there will be other opportunities for ministry including: assisting a breakfast ministry to the needy, serving lunch to disadvantaged families at a "love" kitchen, volunteering at a World Vision Storehouse, and doing a prayer walk. There will also be time for some sight-seeing through New York City (although this is not a primary reason for you to come). Priority 1 staff will coordinate all opportunities with inner-city host ministries and will assist in preparing teams for the Bible clubs. Priority 1 Children's Ministries Coordinator will provide training and all materials for your youth group prior to the outreach week.

During our week we will also spend a few days at The Bowery Mission. This is a wonderful chance to experience daily life in a gospel rescue mission. There are opportunities to help with meal preparation, service and cleanup, receive food donations and stock their pantry, sort/organize the clothing donations that dress their resident students, those coming in for their shower programs, or whosoever has the need. We will also likely be able to participate in chapels, outreaches to local parks and other special projects. Groups are given the opportunity to become part the life of the Mission, enjoying fellowship and working shoulder-to-shoulder with both our staff and resident students, as we serve the larger community of homeless and hungry people in New York City together.

Websites: Priority 1 Ministries — www.priority1ministries.org
